

## How do I log on to Google Classroom?

Go to classroom.google.com

### Username and passwords

Year 5 and 6 will use their school username minus the 'pld' with the number first instead of last.

For Years 3 and 4 the children will use their school username minus the 'pld.' Part at the front, with @platdouet.com. Years 1 and 2 will have usernames and passwords sent out to parents and will follow the format below:

Year	Name	School log on	Google classroom log on
1	Joe Bloggs	Pld.joe.bl8	joe.bl8@platdouet.com
2	Joe Bloggs	Pld.joe.bl7	joe.bl7@platdouet.com
3	Joe Bloggs	Pld.joe.bl6	joe.bl6@platdouet.com
4	Joe Bloggs	Pld.joe.bl5	joe.bl5@platdouet.com
5	Joe Bloggs	Pld.j.bloggs17	17j.bloggs@platdouet.com
6	Joe Bloggs	Pld.j.bloggs16	16j.bloggs@platdouet.com

The password will be almost the same as the one your child uses to log on to the school computers, which is a four-letter word with two numbers at the end. However, the word will be repeated twice.

E.g. If your child's password is frog33 their Google Classroom password will be frogfrog33.

There are no spaces in any usernames or passwords.

A series of screenshots showing the Google Classroom login process. Red arrows indicate the flow from the login page to the 'Next' button, then to the 'Choose your role' screen, and finally to the 'Join' button. Text boxes provide instructions for each step.

Enter username, press next then password and next again
